Previous leadership experience is not required. The program will benefit those who are, or would like to be: organization members and officers; board members; faith lay leaders; concerned citizens; elected officials; community volunteers; business people; and non-profit employees.

## What will the program look like?

The Ashland & Bayfield Counties Leadership Program, for 15-20 chosen participants, is an interactive opportunity to strengthen individual leadership skills. With an emphasis on networking, decision making and personal development toward building richer relationships, this two-county invitation is extended to anyone wishing to fine-tune their interpersonal skills of leadership. Effective public and private leadership requires great flexibility working with diverse populations, interests, passions and talents. We're hoping the program participants comprise that diversity.

***"Diversity! We had such a mix of people that it was so neat being part of the diversity and all the roles these people play in our community." - 2011 Participant***

If this speaks to you in your current leadership position, or you're considering taking a greater leadership role in your community or work, this is a great opportunity for you to hone those skills to be a more effective leader. Varied Ashland/Bayfield locations expose the participants to a variety of settings to broaden awareness and appreciation of this beautiful Chequamegon Bay area.
