According to America Saves, only 28 percent of Americans are saving the “recommended” ten percent of their paychecks toward emergency funds and retirement. This program will focus on how to become more financial secure.

We will discuss how to plan for savings, even if it's just a little amount of money each week or each month. You will leave with a list of ways to save money that will help make you feel like its not an impossible task. It can even be fun for the entire family!

Dealing with Clutter

Does this sound like you?

I keep every bill, receipt, or financial statement because, I don't know what I can safely toss.

I can never find anything after I put it away.

My spare bedroom, closets, and basement are full of junk that I don't know how to tackle.

I want less clutter, but I just can't figure out how to get started.

If you said "yes" to any of these, then this class is for you!
