I just wanted to tell you that our plant sale went really well. We didn't get rained on because we had the lovely courthouse atrium to hold our sale. Customers were amazed by the beauty of the atrium/lobby. The custodian, Jeff W, was very gracious in getting us all the tables we needed, and tearing them down. Cleanup was a breeze; we were out of there by 6:15. Jane and Julie got us table cloths, and Mae brought a rag for wipe down. Julie and Denise were out on the sidewalks taking turns holding a big sign letting people know the plant sale is inside. Cliff and Dick helped folks load and unload with the carts they brought.

The sale and Jane were on Fox 21 on the 9 pm news.

Once again, it takes a village to make it all come together, and you folks are amazing! We made \$645 in two hours.

Keep up the good work in our beautiful Twin Ports and Douglas County!
