

Keep the Kids Busy!

Children need active play after school and during the summer. Give your school-age child an active alternative to watching TV. Enroll him or her in an afterschool program, a youth club, a physical activity class or a sports team.

Grant County 4-H Youth Development Program

Young people in 4-H programs learn leadership and life skills. 4-H clubs are for all boys and girls in grades 1-13 (one year out of high school).

4-H clubs have regular meetings and officers. They go on trips, have parties, learn life skills, experiment with science, make art, go to camp, or take care of an animal. 4-H members can have projects that involve a lot of physical activity, such as gardening, bicycling, backpacking, canoeing, archery, skiing, and snowshoeing.

To join 4-H, visit a few club meetings with your child. Introduce yourself to the club leader as a prospective 4-H family. Club leaders will have enrollment information.

On the following pages are the meeting times and places of 4-H clubs in Grant County. Call the UW-Extension office at 723-2125 for more information and to verify club meeting times and locations.
