## HOUSING OPTIONS

For up-to-date and accurate information on types of housing and locations, please call the Aging and Disability Resource Center at 328-9499. We have extensive listings.

**Apartments**– Apartment living eliminates yard care, home maintenance and climbing stairs and can increase social contact as well as reduce housing costs. Green County offers a variety of rental housing for all income levels.

**Adult Family Homes**– Adult Family Homes are small group homes consisting of 4 or fewer residents and certified by the county or state.

**Community Based Residential Facilities (CBRF)**- A CBRF is a group home which offers meals, housekeeping and help with personal tasks like bathing and dressing.

**Residential Care Apartment Complexes (RCAC)**-Sometimes referred to as **Assisted Living Facility**, these Apartment complexes provide individuals a “home-like” environment. In addition residents are able to access up to 28 hours per week of supportive personal and nursing services.

**Nursing & Rehabilitation Facility**– Facilities that offer skilled nursing care when extensive personal care and medical needs exist.
