Mental Health –Outpatient Services

If you have Medicaid or no insurance at all, there are county and non-profit organizations that offer options for individuals who qualify for assistance. Each county Human or Social Services Department in the state operates a mental health clinic for this purpose. In addition, there are a number of private mental health clinics that also offer this advantage. To learn more, contact your county's Department of Social or Human Services. Ask to be directed to their outpatient mental health clinic.

In the Madison area, contact the following clinics:

- Journey Mental Health, (608) 280-2700
- Catholic Social Services, (608) 256-2358
