

# RABBIT WORKSHOP

## OBJECTIVE:

Learn valuable information regarding care and showing your rabbits from 4H/FFA youth, parents, their mentors, rabbit judges and industry experts.

## LOCATION:

during the Tri-Country Rabbit Show  
at Jefferson County WI Fair grounds

**DATE:** 4/9/2017      **TIME:** 11am - 1pm  
Parents are encouraged to attend.

## BREAK OUT SESSIONS

### RABBIT SHOWING 101

Are you ready for the rabbit show? Learn how to fill out entry cards and proper paperwork. Learn Do's/Don't for showing your animals at fair and rabbit shows.

### BREEDING

How long is a rabbit's gestational period? Learn how to breed and when to breed. What's all the fuss with breeding and the moon phase? What colors can be breed together. If I breed a black rabbit to a white rabbit will I get a broken colored rabbit? Nest boxes and care for young.

### NUTITION - FEED

Dr Noah Litherland, Vita Plus, will share why proper feed is essential to your animal's wellbeing, how to watch for signs of stress in your animal and what to do.

### SHOWMANSHIP

Learn how to flip your rabbit, learn the correct terms for body parts and tips following the ARBA showmanship guidelines from youth who participate at the state and national level.

### ASSEMBLE YOUR OWN SINGLE HOLE CARRIER

Roger Moeller of Moeller Equipment will have materials precut for you to assemble your own single hole carrier. Cost is \$15. (He will also be selling other equipment for all your rabbitry needs.)
