

Kenosha County 4-H Clover Awards

The Kenosha County 4-H Clover Award program is an essay contest where young people express their thoughts and feelings on a specific topic. To participate in this program, Kenosha County 4-H members must be first nominated from their 4-H club. Although the nomination process varies from club to club, the criteria for being nominated is based on three factors: achievement, citizenship and leadership. There is no limit on the number of nominations. Youth may be nominated again if they have previously won the award. The categories are

- Cloverbuds
- Elementary – 3rd through 5th grade
- Junior – 6th grade through 8th grade
- Senior -- 9th through 13th grade.

The deadline for Clubs to submit nominees is August 31st. Nominees will then receive written instructions including essay topic, length of essay and deadline for submission. All youth who complete an essay will be recognized at the Kenosha County 4-H Awards Night. Three youth in each category will be selected to receive a Clover Award.
