Other ideas suggested included Glenn Martin discussing growing giant pumpkins, Bill Wright's DVD on exercise, a presentation from Bookworm Gardens, and someone speaking on seed saving.

The "Adopt a Park" program was also discussed. It was decided that this would be brought up at a meeting for further discussion.

Also discussed was whether there should be any changes to the by-laws and none will be suggested at this time.

Faye Malek has suggested that we consider a MGV newspaper column. This could be based on questions that are coming in to the plant clinic. This will be brought to a regular meeting for further discussion.

Future business meetings will always be scheduled for the second Monday of May and the third Monday of September.

The meeting was adjourned at 8 p.m.

Respectfully submitted,

Judy Tisler
