

Wisconsin 4 – H Crops Financial Record and Management Summary

Accurate records help explain the results of your crops project and tell you whether your project results in financial profit or a loss. To have a complete crops project, this form must be submitted to your leader. You will collect most information during the course of the project. Try to record it as soon as you complete an activity or on a weekly basis. Project activities, such as, talks and exhibits should be recorded on a MPE form.
