

If you are a returning family, login with your family email address and re-enroll each member of your family.

- Re-enrollment instructions are available.
- If you forgot your password, select **I forgot my password** and follow the prompts to have a new password emailed to you. You can also contact your county UW-Extension office to have your password reset.

If you are a new family, you will need to create a family profile.

- Select from the choices below: **I need to setup a profile**
- Select the county **that you are enrolling in** from the drop down menu.
- Enter the last name you would like to see when family communications are mailed to you. (You will have a chance to add individual information for each member and adult leader after you have created your family profile.)
- Fill in the requested information and use the **Create Login** button at the bottom of the page.
- You only need to create your family profile the first time you log in. When you return to 4HOnline, just type in the username and password you used to create your profile and select the **Login** button.

For assistance with 4HOnline or the enrollment process, contact your local UW-Extension staff.

Important note!!

If you attempt to create a profile, and 4HOnline indicates that your email address is already on file, please DO NOT create a new profile for your family with a different email address. Instead, either use the "forgot my password" option below or contact your county UW-Extension office to have your password reset.

1. Left-click the radio button by "I forgot my password."
