For more information about 4-H projects, contact your club leader or your local extension office for a copy of the project guide.

The 4-H Cloverbud project is designed specifically for children in grades 5-year old K-4. 4-H Cloverbud programs are developmentally appropriate, activity-focused and built on cooperation.

NOTE!! Some counties set final dates when you can add/drop projects, which means that you may not have the ability to add/drop projects online (depending on your county policies). If you are a newly enrolling member with questions about project add/drops, please contact your local UW-Extension staff.

Selecting project literature indicates your interest in receiving it. Consult the enrollment guide to identify the literature appropriate for age and skill level. Literature used by your county may vary from the literature included on the list. Please contact your club leader to see how literature is handled in your club.
