

## 2017 Youth Horse Judging Clinic

The Department of Animal & Food Science is offering an educational clinic for youth ages 12-18 who are interested in competitive horse judging. This program will be focused toward youth judges and serve as a valuable aid to 4-H, FFA, and Agricultural Education coaches wishing to improve their horse judging program.

The program will help youth in objectively judging classes of horses, and preparing for judging contests. Instruction will be given in judging halter horses, Western and English performance events, and oral reasons. Students will learn the objective criteria on which these classes are placed according to current industry standards. The format and presentation of oral reasons will be introduced and students will receive one-on-one assistance in developing their reasoning skills.
