Investigate  
Your  
Plate

STEM Camp  
UW Platteville Pioneer  
Farm  
July 2015

## Investigate Your Plate Camps Offer:

- \*Team Building Activities—How do all things relate?
- \*Trip Around the Farm—using GPS Technology
- \*Plant your seeds and watch them sprout!
- \*Create “cement soil” and learn about porosity
- \*See Eggs Hatch and Candle them to learn about animal production
- \*Seed Socks—wear them and plant them!
- \*Field Trip to area wind farm, Driftless Market and local dairy farm.
- \*Engineer & Construct a Chicken Coop
- \*Supermarket Math
- \*Harvest lettuce & tomatoes
- \*Create your own lunch to share with your parents on Friday !

University of Wisconsin, U.S. Department of Agriculture and Wisconsin counties cooperating. An EEO/AA employer, University of Wisconsin-Extension provides equal opportunities in programming, including Title IX and American with Disabilities ADA requirements. If you need reasonable accommodations to participate in this program, please make this known at the time of your registration.

## Tentative Schedule for Day Camp

Campers **must be in or going into 5-8th Grade**. Students should be interested in science, technology and willing to participate in activities. Campers need to be eager to have fun and make new friends.

**Day Campers** will be selected on a first-come, first-serve basis (limited to first 20) by completing the registration in this brochure and payment of a non-refundable \$75 fee. Highly motivated students who meet the admissions requirements are encouraged to apply to secure a **slot**.

**Residential Campers** will stay in the Cooper Learning Center at the UW-Platteville Pioneer Farm.

The UW-Platteville Pioneer Farm supports the vitality of Wisconsin agriculture, providing on-farm experiences for students, conducting applied research, and disseminating information about agricultural practices and the environment to students, agencies, producers, and the public.

## What do water, energy, science, technology, math, engineering, soil, plants and animals have in common?

5-8th Grade Students,

Join us at UW Platteville Farm to “investigate your plate” and **learn how all of these connect to create a healthy you!**

The 4-H STEM Workshop is a joint venture of UW-Extension Staff, Upham Woods Staff, and UWP Staff.
