Mandatory meetings are coming up on the 23rd and 24th. Go over and specify things, i.e. back arena being closed during drill team, safety items, procedures for a fun and safe fair. Sign up sheets at mandatory meeting for volunteer hours. Safety at the fair speaker being confirmed. State eligible kids meeting bring checks, coggins, parents signatures, has to be submitted to Debbi at fair. Judging team/individual questions please contact Megan Hansen.

Meeting with anyone unable to come to the mandatory with Wendy/Kristin prior to the meetings.

Volunteer hours at fair Kids: 3 hours, parents 2 hours are required of them. If they do not do the hours, they will have to help check out horses/kids and not leave until the end.

Parking for horse kids: We will have the same roped off area, 1 parking pass per family, committee gets 2 passes. Horse people will not be allowed a gate 3 pass. After 2 p.m. the parking is open to everyone, only 75 spots with 105 passes. Cars will not be allowed in the fair park itself. Need to have your pass or a stamp or they will not allow you back in without paying. Trying to streamline the process. Adult committee parking is available 24/7, as the needs are different than a regular member.

Entry tags are available at the fair offices and can be picked up at your convenience. Tent placement will be discussed, tents will be allowed with restrictions. Stalls are going to be pretty much where you were last year.

Committee expectations at the fair: Filling in where needed and finding people to help get things done. Locking and opening the barns, making sure things are running smoothly. Name tags are more important than the shirt specifically.

Discussed horse check in area is there a better way to keep things moving? Fill out paperwork at mandatory meeting? Given a ticket at coggins check in and go to the office to receive paperwork. Settle horse and then the first thing they need to do is sign up. Get there early, don't wait till the last minute to bring your trailer.
