

National Volunteer Week is April 23-29, 2017

As you learned during Volunteer Orientation, there are different types of 4-H volunteers. This letter will better describe the most common 4-H volunteer leadership roles. No matter which volunteer role you choose, you will see how your service will benefit your family, local youth, your own skill development, and your connections in the community.

Organizational Volunteer Leaders – Organizational leaders provide overall leadership for a 4-H club. As the title indicates, this person is an organizer, not someone who does everything for the club. A club can have more than one organizational leader, if needed, and tips on how to divide up responsibilities are in the Team Leadership Role Description (<http://4h.uwex.edu/clubs/starting.cfm>).

Project Volunteer Leaders – Project volunteer leaders work with a small group of 4-H members to help them reach their learning goals in a specific project. Members set their own project goals and need the support and encouragement from project volunteer leaders. Project volunteer leaders should establish a regular schedule of project experiences where members can gather to work on their projects. The activities that occur at project meetings should vary.

Youth Volunteer Leaders – Young people who have been 4-H members for several years might be ready to expand their leadership role within their 4-H club. These members may have shown leadership qualities through their project work or by serving on a committee. Youth leaders will need support and encouragement from the adult volunteers and their parents in order to be successful.

Activity Volunteer Leaders – Activity volunteers help members carry out specific activities the club has included in its program for the year. These may be field trips, community service projects, fundraisers, or social events. To begin the planning process, an activity volunteer leader should help members form a committee and agree on the goals of the activity. Tasks that youth may need help with include planning, gathering information, obtaining resources, assigning responsibilities, promoting the activity, overseeing people and tasks, managing risk, and evaluating.

ACTION STEPS

- Check out the additional resources for volunteer leaders at 4-H Community Club Central. Resources and assistance are available for all volunteer roles.
- Ask the 4-H Youth Development Educator for an enrollment list broken down by projects in the club.
- Identify popular projects and ask project leaders and youth what they plan to learn and teach this year. This is available directly to volunteers through [4-H Online](#).
- Write volunteer role descriptions for each of the roles your club needs to fill. Describe the tasks involved and how filling the role will benefit youth and the volunteer. Pass it around at a meeting.
- When asking for help, be specific. "Can you help the youth plan a trip to the nature center on June 5th?" will be easier to say yes to than "Can you help provide leadership for our 4-H club this year?"

PROJECT LEADERS NEEDED FOR 4-H PROJECT SHOWCASE

Calling all club and county-wide project leaders! The 4-H Leader Association is hosting a 4-H Project Showcase event on Monday, April 17th starting at 6:00 p.m. at UW-Extension. This Project Showcase will feature as many projects as we can fit around the table. All materials must be able to fit on the table in front of you! All parents, youth and other leaders will be encouraged to attend in order to learn from other project areas as well as find out more about projects that are offered. After all leaders have presented, there will be brief time to touch base with one another and pick up contact info or ask questions since, as I mentioned, you will only have 3 minutes to present!

This showcase will be held directly prior to the 4-H Leaders Association Meeting which will begin at 7:00 p.m. that evening.

4-H CAMP RIVERSITE WORKDAY

Spring has sprung and summer will be here before you know it! We hope you are enjoying your spring traditions and have taken some time to enjoy the breath of fresh air that comes in with the sunshine and clean rain!

In a continued effort to share the blessing and responsibility of our 4-H Camp Riversite, the Camp Riversite Management Committee and the Sheboygan County 4-H Leaders Association is asking for your help with Spring cleaning! We are asking that 4-H clubs share in our club rotation system that encourages all club participation. This system works very well for other responsibilities such as youth building clean-up for the County Fair.

Below you will find the 4-H Camp Riversite Clean-up schedule for 2017 with all of the clubs listed. Because we have 33 outstanding 4-H clubs in Sheboygan County, the schedule is tentatively set to 2020 and was shared with your 4-H Club General Leaders. You will notice that we have specified the number of youth and adults as guidelines based on club enrollment for the current year. Please use that number when recruiting volunteers from within your club.

This year's 4-H Camp Riversite Spring Cleaning is scheduled for two Saturdays, May 6th and May 13th from 1 p.m. – 4 p.m. Please choose one of the two dates to help with the clean-up. We are requesting that volunteers from the assigned clubs be available during that time. A list of what needs to be done will be prepared as well as 4-H Camp Riversite Committee members ready to spearhead several projects. Please dress appropriately for the weather with boots, jeans, and sweatshirts. Bring gloves, rakes, wheelbarrows, shovels, as well as brush, branch clippers, and chainsaws (adults only)!

All Cloverbud activities are open to youth in the Cloverbud and Exploring Projects; activities are geared towards youth K-3rd grades.

Please remember...the Wisconsin 4-H State Policy does not allow Cloverbud Members "to exhibit animals at any public event as a 4-H member. Youth must be in at least 3rd grade during the current 4-H year. This policy is for the safety of the 4-H member and the public at the public exhibition."

PROJECT DAY A HUGE SUCCESS

Our 2017 4-H Project Day was a huge success! From copper jewelry and snacks to beaded embroidery and Zentangle, and much more, about 100 youth learned how to make projects. It truly was a great day for learning and fun!

To follow up on Project Day, we are going to start early recruiting new ideas and instructors for next year. There were a ton of good ideas given on evaluation forms by members who attended this year's Project Day. If you have any other ideas or know of instructors for next year's Project Day, please e-mail or call Manda Schwartz (manda3m@sbcglobal.net) or Elisa Place (gektradingplaces@hotmail.com). It is very important that we have names of possible instructors. Good ideas are no good without someone who can teach it. Instructors do not need to be 4-H volunteers; they just need to be willing to share their talents and expertise with our members.

A special thank you to this year's presenters and helpers, including: Merry Klemme, Althea Smith, Joanne Lueder, Emilie Williamson, Julie Feider, Jonesha, TJ and Steve Detiege, Kelly Kleiber, Nancy Brown, Roberta Rotsted, Kim Feltner, Tracy Zabel, Beccie Bennin, Cheryl Barrett, Carson, Caelyn and Kurt Kaiser, Jack, Maria and TJ Jesinski, Cassie Robson, Rose Degnitz, Char Ehlert, Kayla Kessler, Danielle Mauhar, Amy and Paige Mikkelson, Mallory and Amy Brooks, Heather Klepin, Kenyon Place, Bill Schlink, Jacob Brueckner, Erika Green, Lori Schmid, Ian and Katy Creek and especially Manda Schwartz, and Elisa Place for helping pull it all together.

These youth are incredibly grateful to all of you for the support that you offered through these events. LIABILITY INSURANCE

Sheboygan County is continuing the volunteer liability insurance for Sheboygan County 4-H volunteer leaders. You are automatically covered under this policy **if you are enrolled as a 4-H Leader**. This policy is a backup policy for your personal liability coverage.

If a member gets injured at a leader's project meeting or at any 4-H sponsored activity, the member's family insurance becomes the primary coverage after our American Income Accident Insurance Policy. The insurance provided by Sheboygan County is intended to protect members and volunteer leaders from damages.

As a 4-H leader, it is important to reduce your liability risk as much as possible. Be sure to provide safety instruction in all risk situations - and take all necessary precautions to assure safe activities. If you are planning any activities that could be considered "out of the ordinary" and might increase risk, contact Sarah so we can verify liability insurance coverage for the activity.

HORSELESS HORSE ACTIVITIES

Just a reminder that if you haven't sent in your HHG forms, you really need to get them to Megan Hansen sooner rather than later. That goes for coaches too!

There will be a Horseless Horse / new member meeting at the County Fairgrounds on Thursday, April 27th starting at 6:30. We'll have two activities going on this time. One of them is that you'll get to see the parts & skeleton of the horse with it all painted on a real horse! This was a big hit last year, so you won't want to miss it. And then we have a new activity I can't wait for all of you to try. Here's a hint, you might want to start looking at books, magazines, and especially working with your coaches on how all the types of equipment is supposed to be put on a horse. Everything from halters to saddles and everything in between.

There's a slight change to the topics from what's listed on the calendar all of you received at the mandatory meeting. For the May 23rd meeting, we will still be discussing gaits & riding disciplines, but we won't have Becki Schwab there to work with us. Instead, she will be coming to the June 20th meeting to teach you about trail-in-hand (a new class for the HHG members this year at the fair!) and helping you with showmanship if there's enough time.

Make sure to check us out on Facebook by becoming a friend at "Shebco Horse and Pony". Updates and reminders will be posted on our page!

ARTS

COMMUNICATION ARTS FESTIVAL JUDGING ASSISTANTS AND DOOR MONITORS

Are you interested in participating in the 2017 Communication Arts Festival but are a bit unsure about what it is and what you have to do? If you're just not sure, we have the job for you! The Communication Arts Committee is looking for youth and adults willing to assist with this year's Communication Arts Festival on Sunday, April 23 at the UW-Extension Office. We are looking for several judging assistants and door monitors.

By assisting, you can see what the festival is all about, without having to give a speech or demonstration! If you're interested in helping or have any questions, please call Nancy at 459-5903 or Linda at 459-5914.

“TIME TO GET HAMMERING IN THE 4-H BLACKSMITHING PROJECT”

We have scheduled two introductory safety review meetings. Meetings are Monday, April 17th at 6:30 PM and Friday, April 21th at 6:30 PM. All meetings will occur at the UWEX. To participate in the blacksmithing project it is mandatory to attend ONE of the meetings.

Second year and older youth: Start investigating your potential projects. Bring along your scale drawings, sketches, pictures, etc. of your project ideas, as well as measurements, to the meeting. Steel for the projects will be ordered based upon what is presented in the meeting. Be prepared to present your project details to the leaders at the meeting. This year's focus is on forged construction. We want to see more hand forging and less welding in your projects.

COMMUNICATIONS ARTS FESTIVAL

The Communication Arts Festival will be held on Sunday, April 23, 2017 at the UW Extension Office between 1-4 pm. Entry forms and exhibits are due to the Extension Office by Wednesday, March 29, 2017 at 4:30 pm.

The Festival provides an opportunity for youth to explore a variety of methods to communicate to others about 4-H, their hobbies, their family or anything else that they find interesting. Judges will provide feedback at the Festival so the youth will have an opportunity to learn from their experience.

New and expanded categories are being offered this year to the “Other Communication Arts” category. The Scrapbook category has been opened to include rubber stamped items and can be on any subject that interests the participant. Also, the original piece of art using drawing or painting techniques has been expanded to include both 2D and 3D works. However, the entry has a maximum size restriction of 16" x 20".

A new category has been added for an original vocal or instrumental composition. Youth will submit the score and a CD or flash drive with the performance of the piece. The judge will meet with the youth at the Festival to provide feedback, but the youth will not be performing at the Festival.

The Festival also offers opportunities for youth to do an informative or persuasive speech, a demonstration or interpretive reading. They will compete against themselves but present to others in their age group. The photography class has categories for collections of four photos, enlargements and computer enhanced entries in either black and white or color. Photo entries should have a caption on the front. There is also a poster contest. The Creative Writing category includes either poetry, fiction prose or non-fiction prose. Participants will have their entries judged prior to the festival and receive feedback from two judges. Any non-original thoughts or words that are included in the writing must include a citation.

Every participant will be awarded a 1st, 2nd or 3rd place ribbon.

If you have any questions about the new or expanded categories, please contact any of the following:
